ADDENDUM NO. 2

November 5, 2015

Request for Proposal No. 13-2016
Technology Acquisition for Compost Facility Phase II
Pre-Proposal Conference November 6, 2015 Time 1:00 p.m.
Opening Date: December 2, 2016 Time: 11:00 a.m.

This addendum is hereby made a part of this Request for Proposal No. 13-2016. Please note the following information, and questions received for this RFP and submit the proposal accordingly.

Change:

Page 15, item number 2.3.4.3, change NEMA 4X to NEMA 4.

Information

For those who wish to conference call into the pre-proposal meeting please, call Karen Aghdassi in the Office of Purchasing at 410-313-6377, and the conference call number and pass code will be provided to you.

Questions:

1. Please provide details to ensure 2.3.3.2.1 complete compatibility with existing control and aeration system at the site.
Answer: The specification identifies that “ideally” the system would incorporate or integrate data from the existing fan system with the new system. A browser based display would be acceptable. That way the operator could switch from browser to browser and control the entire facility. Complete integration could have separate tabs for different banks of piles/bunkers.
2. Section 2.3.4.3 references NEMA-4X, please confirm.
Answer: Refer to change above.

Please acknowledge addenda by signing below and returning with your bid. Failure to acknowledge this addendum may be cause for rejection of your bid.
